Ledfoot's Quickie...

Hello again. Well the year is getting away again and its Winton 12 hour time. The club has 2 teams entered this year and it should be a great weekend with plenty of track time for those competing. I must say a big thank you to the two Gregs, Justin and who ever else helped with the latest updates to the club house lights & benches. The tyre pile is now a lot smaller thanks to the new tyre barriers with another great working bee. Nice work.

Cheers Dallas.

.....A peacock struts around with his chest out, but in the end he's just a pea-cock!!!!

Competition report...

Wow what a day! Absolute fantastic turn out, thanks to everyone who attended. Unfortunately the decision was made to call the closure of the event early due to thick dust and no wind after its reached darkness. Visibility was near impossible and it was in the best interests of everyone's safety that the track was closed. Everything else however went perfectly, starting with 24 entries, the highest in a long while. The complex looked great with the new kitchen and lighting. The live streaming cameras from the tower worked great, even in the dark, until the bugs swarmed around them. Even the grand final was up on the big screen for some very happy Richmond supporters. The tracks were great: long, fast and tight and very testing. Safe to say it was a great event and hopefully everyone enjoyed themselves and we hope to see you all back for our Autocross on the 12th of November. A big thank you to Lyn Andrew of the Swan Hill Sporting Car Club for coming down to have a squiz and take some great photos.

The winners were...

A class was awarded to Ray Manson after Andrew Russell loaded up with fuel issues.

B class went to Darryn King with Russell Smith following.

C class went to Greg Melton in front of Justin Aylett followed by James Thomson.

D class was taken by Greg Jaeschke who had no contestant in his class.

E class was taken out by Mark Johnson in front of Frank Garraway.

L class was awarded to Adrienne Johnson in front of Jess Simm.

J class was again to Josh Bohm followed by Brae Russell then Brianny Nickson.

W class went to Darren Bohm who also took outright, following was Adrian Stratford.

Track Report...

Well. Lots has happened. We'll start at the beginning with a big thank you to new member Adam Stonham who moved the grader on the back of his truck to Dr Sutherland's to have the diff repaired after years of sitting in the waiting room, so that leads to a thank you to Greg Sutherland for volunteering to do the repairs. While we're on the the topic of thanking Gregs, a big thank you to Greg Melton for building a nice big new stainless steel food prep bench for the ever improving kitchen as well and reswinging the fridge to to open from the other side although a few people were reaching for the wrong side of the fridge door and not finding a handle time will fix habits. And last but not least on thank a Greg day, thanks to Greg Jaeschke for all the electrical work with new lights, power points and even

live streaming cameras to give viewing from the the back of the track.

As most will know there was a working bee held to build new tire bundles. 13 came and got to work on building 154 tire bundles and positioned them on the track so a huge thank you to all those people.

All in all the place is looking great. The track has now been smudged after Saturday's day night event and will be rolled and maybe even some treatment with a water cart all in preparation for round 10 on the 12th of November.

Upcoming Events...

14-15th October Winton 12 Hour
29th October Deni
