Presidents Report

The President has had the month off his duties, lets bypass Charlie and go straight to the "King". That's Darryn King who has kindly put a few words together for us.

Sunday 15/6 SDCC joined DSCC at their Deni track for a good day of open, treeless racing. Just under half (16) of the field of 39 drivers were from SDCC including 7 juniors and also a cheer squad who kept the veranda company. Russel Smith had an interesting/frustrating (same word??) day with the fuel pump in his falcon – typical ford – just bypass everything original will fix it up!

Brianny went mud-bashing at one point but kept the pedal to the metal and drove out the other side. We're not sure who was smiling more at the end of it though, her or Gary. Mud everywhere, but the bumpers and lights still in one piece (cause Charlie wasn't there).

A few others tried the sides of the track including Hagan with a full broadside slide recovered – just leaving a calling card through the grass area. Even Zane had a go at adding extra curves in the track by weaving through the bollards on one turn. Nick however just took it out altogether with the centre of the bonnet! Too much right foot for too long makes for a back end coming 'round too far' There were also the plodders being consistent and not making too much show of themselves such as Craig, Sean and Greg. Just being there, keeping everyone honest and enjoying it. Well done to all who the effort to meet new people, enjoy a different track layout and surface.

Thanks heaps to the Deni people for looking after us all and providing a great day out.

A note from Shorty DSCC

Morning Andrew ,
Give this a plug in your News letter. Maybe grab a short few words from Darren King in his Skyline with 4 Juniors .
He may have the gift of the gab on paper.

A great event were shepp kept the locals on there toes. Sarah Thompson from Shepp (3rd time at deni) got to be the fastest woman on the day. (improved greatly in 3 visits)
Hope it rains in Shepp again. Great, mob, lots of freindly rivalry.
