Ledfoot's Quickie...

Greetings all. Well the weather gods have not been shining on us this month, so we missed out again on another dirt event. The good weather is all most here, cross your fingers. A big congratulation goes to club member Johnny Rachele on winning the Victorian Pulsar Series Championship on the weekend. Johnny has put in a few huge years sorting that car out, not bad for a car built in a shed in Undera....

Good luck to all the drivers competing in the winton 10 hour on the weekend of the 15th.

Cheers Dallas.

.....On nite clubbing, remember the beautiful people go home with the beautiful people and everyone else goes home with a hot dog !!!!!

Competition report...

Unfortunately with yet another wet month we were left with no choice but to cancel our Mooroopna kharacross. At times it was more likely to have been a sail boat race instead.

Winton 10 hour...

The winton 10 hour is just around the corner, teams are set hopefully all entries are paid so if your running give your car a full inspection to ensure there are no scrutiny issues and that your car will go the distance will minimal dramas.

Track report...

The track is beginning to dry..... But only on the surface and as this newsletter is being written, you guessed it, it's raining again. Maybe it's time we expand the club and start running mudkhanas.....

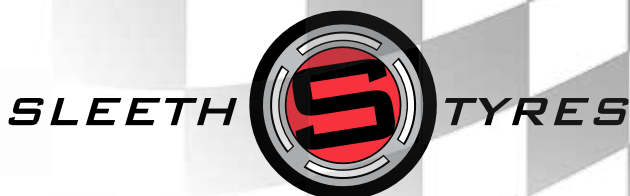

Obviously given the condition of the track thanks to the unusually wet winter there was little work that could be done at the working bee also therefore it was canceled. When the ground dries we will need all hands on deck to clean up the compound. Anyone who hasn't been out there since the last event will be shocked at the overgrowth around the compound so once the rain stops we will get onto doing some spraying.

Our stallion friends are back in force chewing down the grass which they did a fantastic job of last year. If you go to the track please remember to close the gate behind you, we don't want to loose our precious HP.

Club uniforms...

Over the past few years we have had some new designs for club uniforms which include a grey long sleeve dress shirt, polar fleece, beanies, caps and hats. If anyone would like to purchase any of these they can be ordered through quality teams on Benalla rd in Shepparton next to the post office. Uniforms add a professional touch to the club especially when running a team of members at a 6 hour relay or even just when visiting other clubs.

SCHEDULE D - APPAREL

REFERENCE:

<http://docs.cams.com.au/Manual/GeneralRequirements/GQ05-Schedule-D-2016-1.pdf>

RATIONALE:

To make changes to the application of helmet standards in Schedule D as per the following:

- Changes to the application of helmet standards for up to, and including, National level events.
- The application of helmet standards will now either specify the required Frontal Head Restraint (FHR) standard for the helmet or permit the use of FHR tether anchors marked with a required standard.
- The application of an expiry date for some Level A helmet standards, with these helmet standards removed from Level A to Level B following the expiry date.
- The move of some helmet standards, previously permitted for use at Level A, to a Level B helmet only. This is to ensure that only a helmet suited to the use of FHR is applicable for Level A.

ACTION:

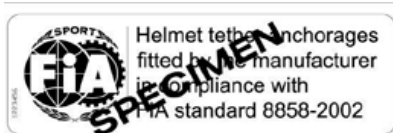

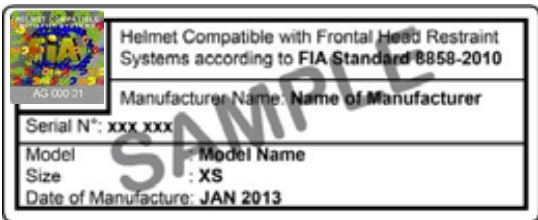

Amend Schedule D, Article 3. Apparel Standards, 3.1 Helmets as follows:

1. Delete the current table 3.1 Helmets:

A	As specified in FIA Technical List 25 (see www.fia.com):	
	FIA 8859-2015 valid from 01/10/2015	FIA standard
